**Date:** July 5, 18

**To:** Susamma Barua, Dean  
College of Engineering and Computer Science

**From:** Garrett Struckhoff  
Environmental Engineering MS Program (online)

**Subject:** Re: Dean's Review of the PPR Report, Online MS in Environmental Engineering Program

The Environmental Engineering program is thankful to Dean Barua for careful review of the Program Performance Review report, external review committee recommendations and response from the program coordinator to the External Review Committee Recommendations for the online MS degree program in Environmental Engineering.

As program coordinator, I concur with the Dean's findings and follow up activities. The program will closely work with the Dean's office to ensure the continued success and improvement of the program. In fact, items #1, #7, and #8 will be exemplified at the faculty retreat / student orientation being planned for August 23<sup>rd</sup>. Many of the other numbered items in the Dean's review will be used as a roadmap to guide our agenda for the faculty retreat.
