

NAVIGATING RESEARCH COMPLIANCE

DISCUSSION AND Q&A

Ensuring that research at CSUF is conducted safely, ethically, and legally.

The Research Compliance Office at CSUF administers, coordinates, and assists the campus community in implementation and adherence to a broad range of university, state, and federal policies and regulations related to the conduct of research, scholarship, and creative activities.

Join us for a panel discussion with Biosafety Officer and Committee Chairs for IRB, IACUC, and IBC to help researchers navigate research compliance.
