

Guideline Overview – Career Sites

The Division of Human Resources Diversity & Inclusion (HRDI) has launched an additional Career Opportunities site for the campus community as of 2/9/2023 that will exclusively host career opportunities for CSUF employees and students. This comes as part of HRDI’s divisional Strategic Goal of Employee Engagement to further develop and support programs and activities that foster a diverse and inclusive community and increase employee engagement. Hosting an internal only site enhances CSUF’s recruitment strategy by increasing awareness of internal-only vacancies and providing an opportunity to apply to these exclusive opportunities. This further demonstrates CSUF’s desire to highlight opportunities for employee career growth.

The campus community will go from one career site to two as of 2/9/2023: (1) *Existing* External Career Opportunities site for positions open to external applicants and internal applicants, and (2) *New* Internal Career Opportunities site for positions open to internal employees and students only.
