**FALL 2024 WEBINAR SERIES:**

# Addressing Big Behaviors

## > September 21, 2024

### HARMING SELF OR OTHERS

In this webinar, we will deep dive into the most pressing behavior problems. Participants will learn what to do in the moment if a student begins harming themselves or others, what steps to take after an incident, and what to do in the meantime while you await more support.

## > November 16, 2024

### SEVERE LACK OF ACADEMIC ENGAGEMENT

What do you do when a student refuses to engage in almost any academic activities for weeks? In this webinar, we will explore the purposes behind this behavior and strategies to increase the student's engagement, learning, and connection to the classroom.

## > October 19, 2024

### VERBAL THREATS

During this session, we will cover strategies related to verbal threats. Specifically we will discuss how to navigate verbal threats from students, how to assess risk, and how to create a plan to replace the negative behavior with more functional and healthy behaviors.

## > December 14, 2024

### OPPOSITIONAL DEFIANCE DISORDER (ODD)

Students with Oppositional Defiance Disorder, or who have similar characteristics, present unique challenges within the classroom for teaching and learning interactions. In this webinar, you will learn more about ODD and what strategies are most effective to increase learning and prosocial engagement. You'll feel empowered with your new knowledge.
